

**DEFENSE
TECHNOLOGY®**

**MAXIMUM COVERAGE HC SMOKE GRENADE
MILITARY STYLE – CONTINUOUS DISCHARGE**

PRODUCT SPECIFICATIONS	
Diameter	2.36 in / 6.0 cm
Length	5.50 in / 14.0 cm
Fuze	M201A1 Type
Active Agent	N/A
Discharge Time	1.5 - 2 minutes
Launchable	Yes
Part No.	1083
Warranty	5 years from date of manufacture

ALL SPECIFICATIONS ARE AVERAGES AND SUBJECT TO CHANGE

The Military Style Maximum Smoke Grenade is a slow burning, high volume, continuous discharge grenade that emits a grey-white smoke.

Hexachloroethane (HC) smoke is discharged through four (4) gas ports located on top of the canister. Due to the high metal content, HC smoke is dark in comparison to Saf-Smoke™ that is utilized in all other Defense Technology® smoke devices (except the Large-Style Maximum Smoke Grenade). It is similar to the military-style grenade and incorporates a steel canister.

Designed specifically for outdoor use in crowd management situations, the Maximum Smoke Grenade is a high volume, slow burning device that deploys large quantities of grey-white colored smoke for approximately 1.5 to 2 minutes. Due to its extremely long burn time, it is subject to throwback by individuals wearing burn protection such as a welder's mitt. The canisters may be protected from advancing individuals with the use of less lethal impact munitions. The device should be deployed utilizing wind advantage.

It can be utilized as a carrying agent (multiplier) for smaller OC, CN or CS munitions, or for concealing the movement of agency personnel. It may also be used as a distraction to focus attention away from other activities.

It should NOT be deployed onto rooftops, in crawl spaces, or indoors due to its fire-producing capability. Hand throw or launch. Launching of grenades will provide deploying officers additional stand-off distances. Affords MAXIMUM COVERAGE AND BURN TIME and is excellent for large outdoor areas.

Due to the nature of Hexachloroethane (HC), agencies should refer to the MSDS sheet listed on the Defense Technology® Web site or call customer care.

⚠ WARNING

This product can expose you to chemicals including Lead Salts and Hexavalent Chromium, which are known to the State of California to cause cancer, and Lead Salts, which are known to the State of California to cause birth defects or other reproductive harm.
